# A CELEBRATION OF GLASS

September 8th – 24th

Open daily 11am – 4pm  
(closed Mon 19th & Tues 20th)

We are very pleased to present the first of a new annual celebration of local glass making from the Stourbridge Glass Quarter. This exhibition showcases the works of six diverse makers: From traditional copper wheel engraving, cameo glass and enamelling to contemporary studio glass and sculptural works.

**TALK: Saturday 9th September 2-3pm. No booking necessary.**

Georgia Redpath will talk about both her inspiration – the patterns and structures found in nature – and her approach to the process of kiln cast glass.

**DEMONSTRATION: Saturday 23rd September 12-2pm. No booking necessary.**

Terri Colledge will be demonstrating her techniques of enamel painting onto glass and talking about her cameo glass engraving and the Portland Vase.
